

Anton Romankov

Java Senior SDE

I am software engineer with over 10 years of experience, including 8 years of Java development. Looking for new opportunities to work with people and for people, and to meet new challenges.

WORK EXPERIENCE

Java Senior SDE Tinkoff Bank

08/2021 - Present

Antalya, Turkey

Third biggest bank in Russia, <https://www.tinkoff.ru/>

Achievements/Tasks

- I have designed and developed from scratch internal data{prep,discovery} tool (similar to [Dremio](#) but with graphical SQL editor, you build a query as a graph). Technical leading of the team.
- Participating in developing and designing a datalake.
- Mentoring juniors.
- Conducting Java interviews.

Contact : *Sergey Nikitin* - se.nikitin@tinkoff.ru

Senior Software Engineer (contracter) Cisco

11/2016 - 08/2021

Novosibirsk, Russia

Achievements/Tasks

- Participating in developing Cisco's [Prime Infrastructure](#) and [DNA](#) products - which are platforms to manage network infrastructure built with Cisco hardware. I was in charge for translating models into device's configurations and deploying them to managed devices.
- Performance analysis and optimisations.
- Mentoring juniors.

Contact : *Gavin Camp* - gcamp@cisco.com

Software Engineer WiseMo

06/2013 - 11/2016

Novosibirsk, Russia

Remote desktop tool from any platform to any with focus on Windows embedded devices. <https://www.wisemo.com/>

Achievements/Tasks

- Supporting C++ kernel of the application (bugfixing, features, performance tuning).
- I've written from scratch Android client for WiseMo (half Java/ half C++, JNI).
- Ported C++ kernel to be compiled in Chrome PNaCl (as part of creating a client for Chrome browser).
